Wednesday 3<sup>rd</sup> December 2014

Dear Parents and Carers,

Recently we sent out a questionnaire asking you about the strengths and areas for development of Bessemer. We had a very limited response to the KS2 questionnaire, but we were able to identify two issues to discuss at the parent forum. We also received some very positive comments which were much appreciated by all staff, thank you!

The first issue that we discussed was communication. A parent expressed the concern that not enough notice is given for events in school. In future at least two weeks' notice will be given for all trips or events. In addition we will ensure that the calendar on the website is kept up to date and that events for a term are added at the beginning of the term. We will try to ensure that times for events are also given well in advance.

The second issue that we discussed was the concern that there is not enough signage on Greendale warning cyclists that children will be crossing the cycle path. We have agreed to contact the Greendale Development and ask for additional signage as part of the development. In addition one of the parent reps has agreed to undertake some work to try to improve the general safety of the roads around school for pedestrians and cyclists.

As I hope you can see we do our best to respond to the feedback we receive so if you have any issues or suggestions for development please do respond to the next questionnaire or speak directly to your class rep.

Thank you again for your input and support.

Yours sincerely,

Elizabeth Whitehead  
Deputy Headteacher
